CAREER OBJECTIVE

Frontend-focused Computer Science Engineering student with hands-on experience in **React.js**, **JavaScript (ES6+)**, and **responsive web development**. Passionate about building clean, user-friendly web applications and eager to contribute to **scalable, enterprise-level frontend solutions**.

EDUCATION

Bachelor of technology (CSE) Bansal Group of Institutes, Bhopal 7.70 CGPA	2022 – 2026
Higher Secondary Education SSPS, Bhagalpur, Bihar Score: 75%	2020 – 2022
Secondary Education DAV Public School, Bhagalpur, Bihar Score: 70%	2020

TECHNICAL SKILLS

Frontend	Tools & Platforms	Programming	Backend & Database (Basic)
HTML, CSS, JavaScript (ES6), React.js, Tailwind CSS.	Git, GitHub, VS Code, REST APIs.	C, C++, Data Structures & Algorithms (DSA).	MongoDB, MySQL

PROJECTS

1. Expense Tracker Dashboard (React.js)

React.js, JavaScript, HTML, CSS.

- Built a React-based single-page application to track daily expenses
- Applied React Hooks [**useState()**, **useEffect()**] for efficient state management
- Implemented add, edit, and delete expense features with category-based filtering
- Designed a fully responsive UI for mobile and desktop devices

2. Smart Study Planner

React.js, Vite, Tailwind CSS, Context API

GitHub: <https://github.com/Sahil91029/study-planner.git> 

- Developed a modern productivity web application to help students manage study tasks, track focus sessions, and monitor performance.
- Implemented task management features including task creation, deletion, completion tracking, and priority-based organization.
- Built a Pomodoro-based Focus Mode with stopwatch functionality for study and rest sessions
- Designed an interactive analytics dashboard with study statistics, streak tracking, productivity metrics, and progress visualization.
- Added calendar scheduling, smart task insights, and local storage persistence for seamless user experience.

INTERNSHIP

Web Development Intern

Cognifyz

08/2024 – 10/2024

- Worked on client-side UI components using HTML, CSS, and JavaScript.

C/C++ programming

Cognifyz

11/2024 – 12/2024

LANGUAGES KNOWN

- English
- Hindi
- Urdu

LEARNING HIGHLIGHTS

- React.js fundamentals and Hooks-based state management
- Component reusability and clean UI structuring
- Responsive web design principles
- Independently learning web development and software architecture basics.

PROFESSIONAL SKILLS

- Quantitative Aptitude & Numerical Reasoning
- Logical & Analytical Thinking
- Problem-Solving Ability
- Verbal Ability & Professional Communication
- Critical Thinking
- Time Management
- Team Collaboration
